

## Case Study

Bentley Motors, Crewe

New Engineering Building and Launch Quality Centre

Contract Value: £4.5m

TJ Hall undertook the contract for the base build fit-out of the new Engineering Building and Launch Quality Centre at Bentley motors headquarters in Crewe.

Working for Goldbeck Construction, the TJ Hall scope included.

- Partitions & Drylining
- Ceilings
- Carpentry & Joinery
- Raised Access Flooring
- Floor Finishes
- Full MEP Design & Build
- Mechanical Ventilation Systems
- VRF AC Systems
- Electric Heating
- LV Switchgear
- LV Power Distribution
- Containment installations
- Fire Alarm
- Disabled Refuge & Toilet alarm systems
- External Lighting
- Domestic water & Above Ground Drainage
- BMS Controls

The works were completed within a 30-week period and successfully handed over to Bentley to enable the client equipment fit-out of the buildings.

Creating the **perfect**  
working environment
