MRI Refurbishment at the QMC

Contract Value: £75k

T J Hall were asked to form a new external structural opening with all associated ramps to enable the old MRI scanner to be removed and a replacement installed. All existing walls were reconfigured to create toilets, reception, waiting area and children's play area.

There was also an element of groundwork outside to form a concrete base for the external equipment for the scanner. We then made all surfaces good after the new machine had been fitted.

Turnkey Works Included

- Demolition / Strip Out
- Groundwork
- Building Works
- Partitions
- Ceilings
- Joinery
- Flooring
- Plastering
- Decoration

The fifteen-week project has been exceptionally well received by the client, and T J Hall were invited to afternoon tea with the University Hospital to celebrate the opening of the new facility. T J Hall were also proud to supply some children's furniture for the play area in the reception.

Creating the **perfect**
working environment
